the most complete account of the theory and application of multiple intelligences available anywhere howard gardner s brilliant conception of individual competence known as multiple intelligences theory has changed the face of education tens of thousands of educators parents and researchers have explored the practical implications and applications of this powerful notion that there is not one type of intelligence but several ranging from musical intelligence to the intelligence involved in self understanding multiple intelligences distills nearly three decades of research on multiple intelligences theory and practice covering its central arguments and numerous developments since its introduction in 1983 gardner includes discussions of global applications multiple intelligences in the workplace an assessment of multiple intelligences practice in the current conservative educational climate new evidence about brain functioning and much more

intelligence was a major part of the cold war waged by both sides with an almost warlike intensity yet the question what difference did it all make remains unanswered did it help to contain the cold war or fuel it and keep it going did it make it hotter or colder did these large intelligence bureaucracies tell truth to power or give their governments what they expected to hear these questions have not previously been addressed systematically and seven writers tackle them here on cold war aspects that include intelligence as warning threat assessment assessing military balances third world activities and providing reassurance their conclusions are as relevant to understanding

what governments can expect from their big secret organizations today as they are to those of historians analysing the cold war motivations of east and west this book is valuable not only for intelligence international relations and cold war specialists but also for all those concerned with intelligence s modern cost effectiveness and accountability this book was published as a special issue of intelligence and national security

this book offers the first account of the foundation organisation and activities of the nato information service natis during the cold war during the cold war natis was pivotal in bringing national delegations together to discuss their security information and intelligence concerns and when appropriate or possible to devise a common response to the communist threat at the same time natis liaised with bodies like the atlantic institute and the bilderberg group in the attempt to promote a coordinated western response the nato archive material also shows that natis carried out its own information and intelligence activities propaganda and intelligence in the cold war provides the first sustained study of the history of natis throughout the cold war examining the role of natis as a forum for the exchange of ideas and techniques about how to develop and run propaganda programmes this book presents a sophisticated understanding of the extent to which national information agencies collaborated by focusing on the degree of cooperation on cultural and information activities this analysis of natis also contributes to the history of nato as a political alliance and reminds us that nato was and still is primarily a political organisation this book will be of much interest to students of nato cold war studies intelligence studies and ir in general
